### Hookey Day Drive

Wednesday, July 16, 2025

It was time to take a drive north and what better place to stop for lunch was to be Alice's Restaurant in Woodside.

We all met at the Starbucks on Lee Road in Watsonville on a cool typically foggy day. Unfortunately, one of our drive leaders was missing in action due to a bad right front disk brake. Attending were Steve Kellogg, Dave and Debbie Langley, Tom and Chris Banks and Nancy McCroskey. Fortunately, Nancy, who knows the back roads of where we were going like the back of her hand lead us the entire day.

We drove up Highway One through Santa Cruz and hooked a right on Highway Nine where we were immediately in a huge Redwood. Alley. Stopped in Boulder Creek to shed some clothing and put the top down on the TR6. From there it was a winding road all the way to Alice's where we met the Thatchers and John Tennyson for Lunch.

After Lunch we drove down towards La Honda and took a side road to Pescadero where we shopped at the bakery store in town and some of us got a pie and garlic bread along with a huge cookie to share. (still not as good as Chris Bank's cookies)

From Pescadero Nancy lead us on another winding road which I'm sure Dave Langley was familiar with as it seemed only one lane wide in some areas. This let us out on Highway One for all to head home south. Little back up in Santa Cruz, but all in all a great day to drive our Little British Cars. Thanks to Fred Saunders and Nancy Mc Croskey for setting up the day and route.

HOOKY DRIVE July 16.

9:00 MEET FOR 9:30 START.  
STARBUCKS CARPARK 73 LEE RD WATSONVILLE.
